having learned of the arrest of General KARAKE KARENZI in London (UK), under an international arrest warrant and a European arrest warrant issued by the Spanish courts in accordance with international law and the principles of international law

DECLARE

I.- In the absence of a judicial enquiry by the International Criminal Tribunal for Rwanda or the national courts of Rwanda and the Democratic Republic of Congo into the circumstances surrounding the violent death of our relatives in Rwanda and the Democratic Republic of Congo, we found ourselves compelled to press criminal charges before the Spanish courts.

II.- After over three years of judicial investigation at national and international levels, the Central Court of Instruction No. 4 of the National Court issued a reasoned indictment, laying out detailed prima facie evidence on 40 senior military officers of the Rwandan Patriotic Army (RPA / RPF) for criminal acts committed between October 1, 1990 and July 1, 2002, both in Rwanda and the Democratic Republic of Congo. These 40 senior military officers are under investigation for their alleged involvement in genocide, crimes against humanity, war crimes, crimes of terrorism or association to an armed group with terrorist intent.

III.- The arrest of General KARAKE KARENZI in London (UK) represents a major step forward towards the end of impunity for international crimes carried out during that period in those two

African countries, which has caused -and continues to cause- so much suffering to individuals, families and communities of different nationalities and peoples.

IV.- We, the families of the Spanish victims, express once again our solidarity and sympathy to all the survivors of human rights abuses, and the families of victims of violent death in Rwanda and the Democratic Republic of the Congo at that time,

regardless of their age, gender, ethnicity, nationality or any other status. In their memory, and after decades of having being ignored as victims, particularly the countless Rwandan and Congolese victims, each and everyone have the right to truth, justice, reparation and guarantees of non-recurrence.

REQUEST

First.- In accordance with universal human rights and applicable international law, we request that a trial affording all legal guarantees to both defendants and victims takes place.

Second.- To the Spanish authorities:

- That, in compliance with international obligations and treaties to which Spain is party, legal validation is provided to the direct delivery and reception of General KARAKE KARENZI arrested under a European arrest warrant issued by the Spanish courts.*
- That once the arrested General KARAKE KARENZI is in Spain under the Spanish jurisdiction, and after any required procedures and possible complementary research, an oral trial is opened to prosecute the facts subject of research in this cause of justice.*
- That request again from the authorities of the Republic of South Africa, in accordance with the unanimous decision of the Government of Spain dated September 17, 2010 the arrest and surrender of General KAYUMBA NYAMWASA, under international arrest warrant and demand for extradition of the Central Court of Instruction No. 4 of the Audiencia Nacional (Spanish courts of justice), recalling that both Spain and South Africa are states party to the European Convention on Extradition.*

Third.- To the British authorities:

- That, in compliance with the international obligations and treaties to which the United Kingdom is party, legal validation is provided to the*
- direct delivery of General KARAKE KARENZI arrested under a European arrest warrant issued by the Spanish courts.*
- That the situation of arrest remains, at the disposal of the courts until released to the Spanish judicial authorities.*

Fourth.- To the international community:

- That considering that the criminal acts that took place between October 1, 1990 and July 1, 2002 in Rwanda and the Democratic Republic of Congo are under investigation by the Spanish courts since most of them do not fall within the temporal jurisdiction of the International Criminal Tribunal for Rwanda*

based in Arusha, Tanzania (1994) nor that of the International Criminal Court based in The Hague, Netherlands (July 1, 2002 onwards), cooperation from the authorities of the states of the international community and members of the United Nations is sought in order to deliver the defendants for the purpose of conducting a trial with all legal guarantees under applicable international law.

It is truth, justice and reparation we ask in this day, June 24, 2015.
