Dear Friends,

African Faith and Justice Network (AFJN) has been a beacon of hope for the African people for 40 years, working tirelessly to promote social justice, human rights, and sustainable development in Africa. However, to secure the legacy of the organization and continue its work for years to come, AFJN needs a sustainable space where it can continue to operate and expand its impact. Supporting this worthy Capital Campaign cause for Africa will last for generations.

Proverbs 11:25. “A generous person will prosper; whoever refreshes others will be refreshed.”
Pledge Card
